Meeting to preview public art project along Crystal City Potomac Yard Transitway

Tuesday, August 30th, 5:00-6:00 p.m.

PBS Conference Center, Room 2401, 2100 Crystal Drive, Arlington, VA 22202

Arlington County is planning transit improvements in the Crystal City Potomac Yard (CCPY) Corridor, including a bus-only transitway, station stops, frequent bus service, and passenger amenities. The goal of the project is to provide high-capacity and high-quality transit service to residents, businesses, and visitors in this fast developing corridor.

As part of the CCPY project, an artist was commissioned to create public art at the station stops. Join us on August 30 to meet with the artist, preview proposed work, and ask questions. Learn how the artist is creating a truly site-specific work inspired by the Crystal City and Potomac Yard community.

Transit Options (within 1/4 mi)

Metro rail Blue and Yellow Lines - Crystal City and Metrobus 9S, 23A. Also accessible by bicycle. Free garage parking available. The meeting location is handicapped accessible - reasonable accommodations made upon request.

Contact: Matthew Huston, Arlington County Senior Transit Engineer, 703.228.3267
